

## **SAINT-ROMAIN LES PERRIÈRES 2020 - 92**

*Fine candied-orange aromas and just a whiff of vanilla. Bold palate for this cool-climate appellation, but the wine is very clean and vivid on the moderately generous palate. Very ripe finish that's not too big, in spite of the considerable structure. Drink or hold.*

## **NUITS-SAINT-GEORGES 1ER CRU LES MURGERS 2020 - 91**

*Lots of black fruit in the nose, almost elderberries. A boldly structured wine that makes a serious statement on the rather imposing palate. Quite a meaty finish, and that tells you what to do with this. Drink or hold.*

## **GEVREY-CHAMBERTIN LES EVOCELLES 2020 - 90**

*Quite an earthy Gevrey-Chambertin with plenty of blackberry fruit. Quite some structure and depth, the lively acidity and the earthiness giving support. At the finish, the major tannin structure comes through and we find it almost dominant. Good length and not in any way hard at the end. Drink or hold.*

## **ALOXE-CORTON 1ER CRU LES GUÉRETS 2020 - 90**

*A very rich wine for this appellation, with quite a heady and savory nose. Quite a massive structure, and that makes it a shade on the weighty side, in spite of the excellent vinification. Some may find this a bit powerful at the finish, but we feel it copes well with the imposing scale and almost 15% alcohol. Drink or hold.*
