

LES PARCELLAIRES

de Saulx

GEVREY CHAMBERTIN
1^{ER} CRU "LES CORBEAUX"

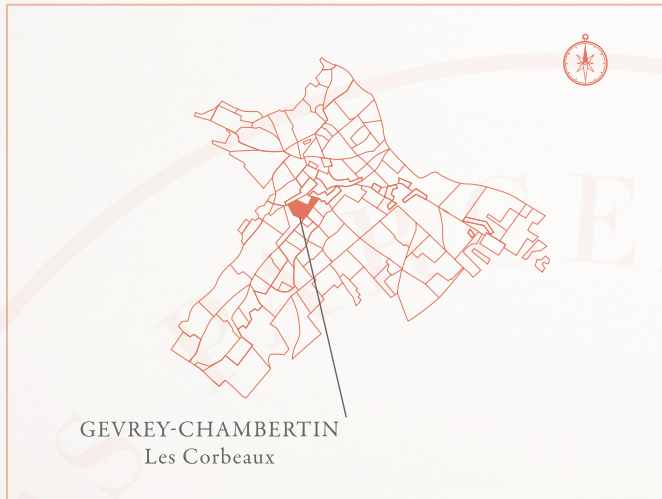

HARMONIOUS AND RICH

THIS "CLIMAT"

This Climat is located below "Fonteny" and is hollow in terms of relief. Its name comes from the Latin "Curvus", or Old French "Corbe", which means "hollow, curved, hollowed out".

TERROIR

This terroir consists of dry dark brown soil with marl and clay combined with calcareous gravel

TASTING

Appearance: Intense ruby

Bouquet: Bouquet of fresh red fruits

In the mouth: Fruity notes, tannins notably present and good aromatic persistence.
