

LES PARCELLAIRES

*de Saulx*

SAINT AUBIN  
1<sup>ER</sup> CRU "SUR GAMAY"

ELEGANT AND MINERAL

## THIS "CLIMAT"

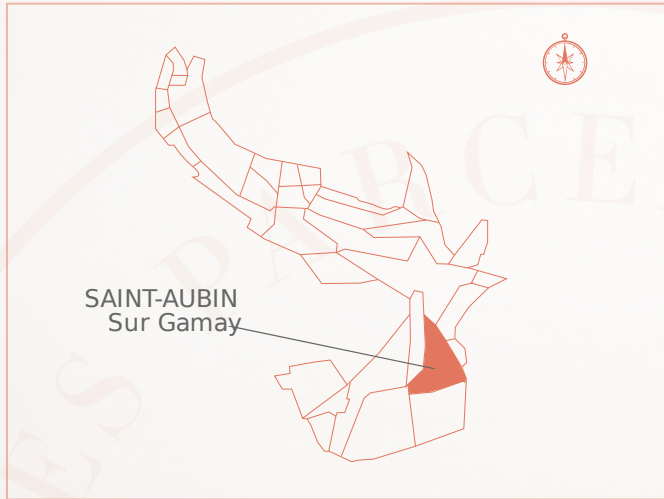

This climat is located on the hillside slope in land belonging to the old hamlet of "Gamay".

## TERROIR

The vines are planted in shallow calcareous soil where limestone gravel mixes with brown clay on the surface.

The village is located in a valley that errs on cold and windy and is characterised by very steep, clay-limestone, stony soils.

Most frequently south-facing, these slopes offer excellent geological qualities.

13.50%vol.

Chardonnay

## TASTING

Appearance : a beautiful golden, limpid colour

Bouquet: The nose combines minerality and yellow fruits with a citrus hint to form an appealing harmony with finesse and elegance.

In the Mouth : The mouth feel is tender, balanced, sound with great tension and expresses the pure aromas of fresh fruit.
